I am a motivated and adaptable Bachelor of Science in Information Systems student at Singapore Management University with a strong foundation in digital technologies, project management, and interdisciplinary collaboration. I have the proven ability to lead initiatives, work well in teams, and balance academic success with co-curricular excellence. I am extremely passionate about technology and hope to use technology to create meaningful change.

Technical Skills

Python, MySQL, PHP, HTML, Excel, Tableau, CSS, JavaScript, Matplotlib, Pandas, Folium

Experience

Eduspace / Tutor

AUGUST 2024 - PRESENT
